## IST Market Review: Investment Tutorial for Shareholders of Symantec Corp.

Wednesday, April 02, 2008; Posted: 09:19 AM

### [7 Stocks You Need To Know For Tomorrow -- Free Newsletter](#)

Apr 02, 2008 (M2 PRESSWIRE via COMTEX) -- [SYMC](#) | [news](#) | [PowerRating](#) | [PR Charts](#) -- InternationalStockTargets.com is focused on helping investors make money in any market conditions. Our goal is simple, to help walk investors through the proper trading formulas to see success when investing in the markets. Shareholders of Symantec Corp. (NASDAQ: SYMC) who would like assistance when trading in the equity markets are being offered a free subscription to [www.internationalstocktargets.com](http://www.internationalstocktargets.com).

Our main focus is finding growth stocks, that present high reward opportunity with lower than usual risk potential. With the markets the way they are right now, it's becoming increasingly difficult to lock in profits, and most investors are satisfied with not losing money right now, when the real goal should be to make money. If you are tired of losing on investments do not hesitate, sign up now to [www.internationalstocktargets.com](http://www.internationalstocktargets.com) for a free subscription.

Our subscription will include:

- Email alerts when a growth stock hits our radar.
- Training tutorials for novice investors, on how to capitalize on the present market conditions.
- Advanced trading options for sophisticated investors.
- Institutional and brokerage investment tools.

Don't hesitate to sign up now. Our investment knowledge is at your disposal.

This Tuesday, Symantec closed up 4.81 percent with a volume over 11,480,000.

On Wednesday, April 2nd, 2008, Symantec Corp., announced that the European Commission has awarded funding to Symantec for collaborative research in Internet threats. The three-year project, known as the Worldwide Observatory of Malicious Behaviours and Attack Threats (WOMBAT), aims at providing new means to

understand the existing and emerging threats that are targeting the Internet economy and its users. Symantec's new Symantec Research Lab - Europe at Sophia Antipolis in the south of France will work in collaboration with the WOMBAT consortium to gain better insight into Internet threats and malicious code trends.

About us:

International Stock Targets is a world renowned research firm, specializing in identifying undervalued growth companies and walking members through the life-cycle of an equity's most aggressive growth periods. IST has been honoured the "Best International Research Team Award" three years in a row, and has been praised in many of the top publications globally and is recognized for their research, accuracy and professionalism.

International Stock Targets may at some time effect transactions in the securities mentioned. Additional information is available upon request subject to duties of confidentiality.
